

Community Health Improvement

Grants now available!

West Lothian On The Move, Eatright West Lothian, The Community Development & Health Network and the Community Regeneration Team have combined their small grants into one scheme.

If you are developing initiatives to benefit the health of a local Group or community, or

are involved in or working with a group or project in West Lothian then you could apply for a Community Health Improvement grant for up to £2000 & take this work forward.

Applications are invited from community groups and projects. Work should be based on community development principles. This means that your plan should include how you will work with local people; build action to address locally identified health issues; reduce inequalities in health relating to the circumstances of people's lives; work with other agencies and address discrimination. You will find more information about all this in the application pack.

For further information, or for an application form, please contact:

Jade Maxwell on 01506 775626

Or e-mail: jade.maxwell@westlothian.gov.uk

CLOSING DATE FOR APPLICATIONS:
MONDAY 27TH SEPTEMBER 2010
