

Do you know any families

who may struggle this Christmas?

.....Team North Pole is here to help.

This year, West Lothian Financial Inclusion Network SCIO are providing FREE child and teenager ‘Christmas shoe boxes,’ to children and families most in need, throughout West Lothian. These children and families include those with disabilities, low income, and those families that have been adversely affected by the COVID pandemic. The ‘Christmas shoe boxes’ will be pre-wrapped in appropriate Christmas paper but will not be sealed so that the parent can check through the contents before they gift it to their children. The content of each box will be gender and age specific and filled with new items. The ages will be new born to 16 year olds. **Contact us on 01501771775 or info@wlfin.org.uk**

For any of your clients who are part of a family who could benefit from these, all we will need is:
