# ACTION EARTH

## Grab a Grant

Volunteering Matters Action Earth empowers people in Scotland to take action and improve their local environment through volunteering.

- ▶ Grants from £50 to £250 are available to run practical outdoor activities that involve volunteers in improving green spaces and habitats for wildlife. This could include creating or enhancing community gardens, wildflower meadows, ponds or woodlands.
- ▶ Grants can be used to purchase plants, materials and tools.
- ▶ We prioritise applications from groups who work in areas with substantial social or economic deprivation or which work with disabled or vulnerable people and those at risk of exclusion.
- ▶ We also offer a limited number of grants at a higher rate for projects that demonstrate a significant health impact through working with people with defined health or social needs.
- ▶ Volunteering Matters Action Earth runs from April to December each year and is funded by Scottish Natural Heritage (SNH)
