

# VSGWL Policy

## Safeguarding Policy

### Introduction

Volunteer Sector Gateway West Lothian (VSGWL) aims to ensure that all protected adults are kept safe from harm while they are with staff or volunteers in this organisation. In order to achieve this, we will ensure our staff and volunteers are carefully selected, screened, trained and supervised. This document applies to regulated work with protected adults as defined in the Protection of Vulnerable Groups (Scotland) Act 2007. For the purpose of this policy, PVG Scheme Records, PVG Scheme Record Updates, Standard and Enhanced disclosures will be referred to as Disclosure Records.

### Selection

Volunteer Sector Gateway West Lothian (VSGWL) will implement suitable recruitment and enrolment procedures for staff and volunteers who may be working with vulnerable adults, that ensure reasonable steps are taken to appoint people who are suitable if they have contact with vulnerable adults.

- All applicants to our organisation will complete an application form.
- Shortlisted applicants will be asked to attend an interview.
- The successful applicant will be asked to provide referee details and VSGWL will ensure satisfactory references are taken up prior to confirmation of an appointment.

### Screening

Any successful applicant who may be working with vulnerable adults, will be asked to complete a Disclosure Record (relevant to the position applied for) prior to taking up the post. Under no circumstances would any potential volunteers be working with project or service users until VSGWL are in receipt of a satisfactory Disclosure Record outlining all clearances have been completed

### Training

The successful applicant will receive induction training, which will give an overview of the organisation to ensure they know its' purpose, values, services and structure. Relevant training and support will be provided to staff and volunteers on an ongoing basis and will cover information about their role, and opportunities for practicing skills needed for work.

Training on specific areas such as health and safety procedures, identifying and reporting harm, and confidentiality will be given as a priority to new staff and volunteers and will be regularly reviewed.

## Supervision

Volunteer Sector Gateway West Lothian will ensure that all staff and volunteers who may be working or involved in supporting vulnerable adults will receive appropriate training and support. All staff and volunteers who may be working or involved with supporting vulnerable will have a designated supervisor who will provide regular feedback and support.

## Reporting Harm

Volunteer Sector Gateway West Lothian understands that any adult protection issues must always be referred to the appropriate agencies (i.e., social work and/or police) for appropriate investigation. Any issues of a criminal or serious nature will be reported to the police. VSGWL will also investigate any safeguarding issues in line with our own policies and procedures.

In the event that an adult discloses harm or mistreatment has or is taking place, listen and reassure the child or adult. Show that you take them seriously and listen carefully to what they are saying, reassure them that they can trust you, that they are safe and that you will pass on this information to people who will be able to support them.

Do not promise to keep the situation secret as information relating to adult protection cases must be referred to the Social Work or Police as soon as possible. The information provided by the child or adult should only be shared with those who need to know.
